

## HEALTH & SAFETY PLAN

**Date: October 25, 2013**

**Amendment Date: May 8, 2014**

**Amendment Information:** The HASP is being amended to include additional tasks associated with air monitoring being conducted at the site. As part of the amendment EPA is tasking START contractors to assist with air monitoring. The employer specific HASP for the EPA START contractor is being added as attachment #4. EPA personnel will follow the HASP requirements for START personnel when conducting air monitoring tasks as described in attachment #4.
